

License Agreement

Volano Software

CAREFULLY READ THE FOLLOWING LICENSE AGREEMENT. YOU ACCEPT AND AGREE TO BE BOUND BY THIS LICENSE AGREEMENT BY USING THE LICENSE KEY TO ACTIVATE THE SOFTWARE. IF YOU DO NOT AGREE TO THIS LICENSE, RETURN THE LICENSE KEY TO US AND DO NOT USE IT TO ACTIVATE THE SOFTWARE.

License Grant

“You” means the person or company who is being licensed to use the Software or Documentation. “We,” “us,” and “our” each mean the business referred to as “Volano Software.”

“Server Software” means the VolanoChat and/or VolanoChatPro server computer programs and their associated files, whichever you have licensed, based upon the license keys provided to you as described further below.

“Client Software” means the VolanoChat, MyVolanoChat, and WebVolanoChat applet computer programs and their associated files.

“Software” means both the Server Software and the Client Software, and includes any upgrades, modified versions, updates, additions, and copies of the Software.

“Documentation” means explanatory written materials we provide regarding the Software.

We hereby grant you a nonexclusive license to use one copy of the Server Software on any single computer, provided the Server Software may be in use on only one computer at any time. The Server Software is “in use” on a computer when it is loaded into temporary memory (RAM) or installed into the permanent memory of a computer—for example, a hard disk, CD-ROM, or other storage device.

The Server Software may be accessed:

- at a specific port number on a host computer with a specific Internet Protocol (IP) address,
- by simultaneously (at most) the number of users for whom you have paid a license fee.

We hereby grant you a nonexclusive license to distribute an unlimited number of copies of the Client Software via the HTTP protocol or similar World Wide Web distribution methods through your own or other Web sites, for use in connecting to the Server Software licensed to you under this Agreement.

Security Devices

Upon delivery of the Software, we will provide you with one or more product license keys that allow the Software to be activated and which allow use of the Server Software at a specific IP address and port number, and by the specified number of simultaneous users, as described above.

Upon payment of additional license fees, you will be provided with one or more replacement product license keys that will allow for additional users.

You agree not to defeat, modify, copy, work around, or duplicate any security devices protecting the Software, or to attempt to do so.

Title

We remain the owner of all right, title, and interest in the Software and Documentation.

Archival or Backup Copies

You may copy the Software for back up and archival purposes, provided that the original and each copy is kept in your possession and that your installation and use of the Software does not exceed that allowed in the “License Grant” section above.

Things You May Not Do

The Software and Documentation are protected by Canadian, United States, and other copyright laws and international treaties. You must treat the Software and Documentation like any other copyrighted material—for example, a book.

You agree not to:

- copy the Documentation,
- copy the Software except to make archival or backup copies as provided above,
- modify or adapt the Software or merge it into another program,
- reverse engineer, disassemble, decompile, or make any attempt to discover the source code of the Software,
- sub-license, rent, lease, or lend any portion of the Server Software or Documentation.

Transfers

You may transfer all your rights to use the Software and Documentation to another person or legal entity provided you transfer this Agreement, the Software, and Documentation, including all copies, updates, and prior versions to such person or entity, and that you retain no copies, including copies stored on computer.

You must notify us in writing of the transfer, and you must complete and sign a statutory declaration (which we will provide) certifying that you have transferred or destroyed all copies of the Software and Documentation in your control.

Limited Warranty

We warrant that for a period of 30 days after delivery of this copy of the Software to you:

- the media on which this copy of the Software is provided to you will be free from defects in materials and workmanship under normal use, and
- the Software will perform in substantial accordance with the Documentation.

To the extent permitted by applicable law, THE FOREGOING LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, AND WE DISCLAIM ANY AND ALL IMPLIED WARRANTIES OR CONDITIONS, INCLUDING ANY IMPLIED WARRANTY OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE, regardless of whether we know or had reason to know of your particular needs. No employee, agent, dealer, or distributor of ours is authorized to modify this limited warranty, nor to make any additional warranties.

SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, SO THE ABOVE EXCLUSION MAY NOT APPLY TO YOU.

Limited Remedy

Our entire liability and your exclusive remedy for breach of the foregoing warranty shall be, at our option, either to:

- return the price you paid, or
- repair or replace the Software or media that does not meet the foregoing warranty if it is returned to us with a copy of your receipt.

Before we return the price you paid, you must complete and sign a statutory declaration (which we will provide) certifying that you have destroyed all copies of the Software and Documentation in your control.

IN NO EVENT WILL WE BE LIABLE TO YOU FOR ANY DAMAGES, INCLUDING ANY LOST PROFITS, LOST SAVINGS, OR OTHER INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM THE USE OF OR THE INABILITY TO USE THE SOFTWARE (EVEN IF WE OR AN AUTHORIZED DEALER OR DISTRIBUTOR HAS BEEN ADVISED OF THE POSSIBILITY OF THESE DAMAGES), OR FOR ANY CLAIM BY ANY OTHER PARTY.

SOME JURISDICTIONS DO NOT ALLOW THE LIMITATION OR EXCLUSION OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

Term and Termination

This license agreement takes effect upon your use of the Software and remains effective until terminated. You may terminate it at any time by destroying all copies of the Software and Documentation in your possession. It will also automatically terminate if you fail to comply with any term or condition of this license agreement. You agree, on termination of this license, to destroy all copies of the Software and Documentation in your possession.

Confidentiality

The Software contains trade secrets and proprietary know-how that belong to us, and it is being made available to you in strict confidence. ANY USE OR DISCLOSURE OF THE SOFTWARE, OR OF ITS ALGORITHMS, PROTOCOLS, OR INTERFACES, OTHER THAN IN STRICT ACCORDANCE WITH THIS LICENSE AGREEMENT, IS FORBIDDEN, AND MAY BE ACTIONABLE AS A VIOLATION OF OUR TRADE SECRET RIGHTS.

General Provisions

1. This license agreement is the exclusive agreement between you and us concerning the Software and Documentation and supersedes any prior purchase order, communication, advertising, or representation concerning the Software.
2. This license agreement may be modified only by a writing signed by you and us.
3. In the event of litigation between you and us concerning the Software or Documentation, the prevailing party in the litigation will be entitled to recover attorney fees and expenses from the other party.

4. This license agreement is governed by the laws of the Province of British Columbia and the laws of Canada applicable therein, without reference to principles of conflicts of laws. The courts located in Vancouver, British Columbia, and the courts of appeal from those courts, will have exclusive jurisdiction to hear any and all proceedings and disputes in any way related to the Software, the Documentation, or this Agreement.

Included Software

The Server Software includes software developed by the Apache Software Foundation¹ and licensed under the Apache Software License, Version 2.0.² The included software consists of the Apache Tomcat servlet container and the Apache Xerces XML parser.
